

WN - Get Started with Primas Web Notifier

To log in to the Web Notifier

Click to the GREEN icon of Primas Web Notifier in the toolbar. It will show the below picture.

The screenshot shows a settings window titled "SETTINGS" with a user icon in the top right corner. The window contains the following elements:

- A label "Primas CX Web URL" followed by a text input field containing the URL "https://vn.primas.net:7447/LinkScc".
- A yellow button labeled "Test Notification".
- A green button labeled "Save and Restart".
- A toggle switch for "Debug log", which is currently turned off.
- The text "version 0.0.41" in the bottom right corner.

If the Web Notifier has not been configured the Primas CX Web URL yet, the User interface will be the description picture above.

Please type your Primas CX Web URL, then click the **Save and Restart button**.

After configuring the Primas CX Web URL, click the Web Notifier in the toolbar again.

Type the Notifier User Credentials then ENTER or click the Sign-in button to sign in to the Web Notifier.
